Essential Question(s):	

Lesson Reflection Before Learning

“Where in the lesson will students...?”

- Skills:** actively read, write, or communicate?
- Knowledge:** demonstrate depth of conceptual understanding?
- Thinking:** demonstrate reflection and metacognition?
- Application:** connect their learning to a real-world or relevant context?
- Relationships:** experience a supportive, collaborative, and differentiated learning environment?
- Possible Misconceptions:** Where in the lesson might students misunderstand or misinterpret the lesson objective/concepts?
